Does filing only apply to certain territory (territories) or certain classes? If so, specify: No

Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

In this filing, we are revising our Illinois Viking Insurance Company of Wisconsin "Dairyland Auto" automobile program rates.

The Monthly 03NS and the Six Month 09NS products will have identical rates with the exception of what is noted in the exhibits (term, paid in full discount and the quarterly discount), and the renewal effective dates. The purpose of continuing with two identical products is to give the insured the option of the payment term that best fits their individual needs.

With this rate revision, we will be introducing a new symbol list and symbol factors to better price each vehicle. In addition we are revising our territory definitions, territory factors and making adjustments to factors in most of our other rating tables. These new rating adjustments should help to maintain our products pricing at an adequate and more accurate rate level, thus allowing our company to grow profitably in the future. The long-term success of this program depends on these enhancements

*Adjusted to reflect all prior rate changes.
**Change in Company's premium level which will result from application of new rates.
