Proceedings:

Conference call began at 2:30 p.m.
Members introduced themselves.

Discussion

Prior to the conference call, the entire Working Group was provided with the most recent drafts of the individual and small group standard applications for review. Members provided feedback on the work product of each committee. The Group agreed to changes on portions of each application, and requested Department of Insurance staff to develop modified language on specific areas of the applications in light of the discussion. The updated finals drafts will be made available for comment through a public hearing. The final drafts and an announcement of the public hearing will both be available on the Department's website.

The public hearing will take place Thursday, June 24, 2010, at the Department's offices in Springfield and Chicago. After the public hearing, the Working Group will meet to review and discuss the comments received during the public hearing and to finalize the standard applications.

Conference call ended at 3:30 p.m.
